- 18 hours may be taken in any of the categories listed in CCR Section 361, including the mandatory categories above

A maximum of twelve (12) continuing education hours may be completed through distance learning

# Courses Approved for California Chiropractors

## Radiation Protection in Medical Radiography (8th Ed) COURSE #: R01-8

16.5 ASRT Category A Credits

California Accepted: **Yes**

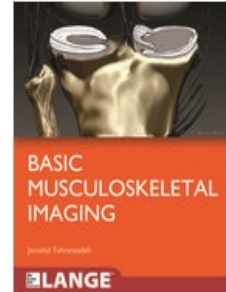

**NOW AVAILABLE AS AN EBOOK**

**Price:**

Book and Test: \$99.50

Test Only: \$69.50

This course covers radiation protection biology, the safe administration of x-rays, and current personnel and patient safety procedures. Also covers the effects of low level radiation and new imaging techniques. *\*The test is based on the 7th Edition of this text, please call Customer Service if you have an older edition textbook.*

## Basic Musculoskeletal Imaging

28.0 ASRT Category A Credits

California Accepted: **Yes**

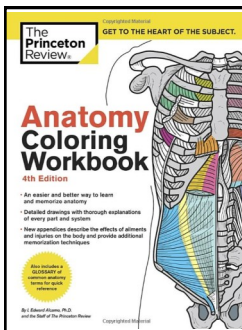

**COURSE #: R136**

**Price:**

Book and Test: 144.50

Test Only: \$84.50

A complete introductory text to musculoskeletal imaging. *Basic Musculoskeletal Imaging* is an engagingly written, comprehensive textbook that addresses the fundamental principles and techniques of general diagnostic and advanced musculoskeletal imaging. In order to be as clinically relevant as possible, the text focuses on the conditions and procedures most often encountered in real-world practice.

## Anatomy for the Radiologic Professional (3rd Ed.)

24.75 ASRT Category A Credits

California Accepted: **Yes**

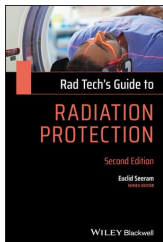

**COURSE #: R07**

**Price:**

Book and Test: \$109.00

Test Only: \$74.50

Anatomy for the Radiologic Professional gives you a clear and concise understanding of anatomy. The author states that it is helpful in the learning process to color the pages, however it is not a requisite to passing the test. Chapters include: Introduction to Anatomy; The Integumentary System; The Skeletal System; The Muscular System; The Nervous System; The Endocrine System; The Circulatory System; The Lymphatic System; The Digestive System; The Respiratory System; The Urinary System; & The Reproductive System.

## Rad Tech's Guide to Radiation Protection

5 ASRT Category A Credits

California Accepted: **Yes**

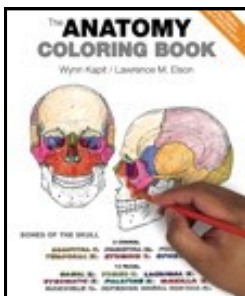

**COURSE #: R70**

**Price:**

Book and Test: \$59.50

Test Only: \$44.50

Gives all of the information needed to understand basic radiobiology, the sources of radiation exposure, factors affecting dose to patients and personnel, and the most up-to-date dose management techniques. This on the spot reference is a concise review for board preparation exams, as well as a handy reference guide for the busy rad tech.

## Human Anatomy (4th Edition)

21 ASRT Category A Credits

California Accepted: **Yes**

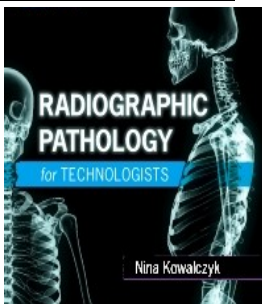

**COURSE #: R100**

**Price:**

Book and Test: \$94.50

Test Only: \$84.50

Organized according to body systems, each of the 170 plates featured in this book includes an ingenious color-key system where anatomical terminology is linked to detail illustration of the structures of the body. The author claims that the coloring process helps to thoroughly fix physiological concepts in your mind, however it is not a requisite to passing the test.

## Radiographic Pathology for Technologists (6th Ed.)

14.75 ASRT Category A Credits

California Accepted: **Yes**

**NOW AVAILABLE AS AN EBOOK**

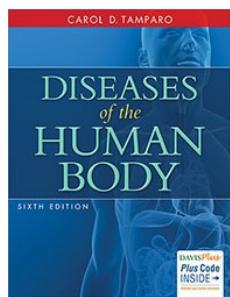

**COURSE #: R104-6**

**Price:**

Book and Test: \$89.50

Test Only: \$54.50

This course concisely presents the indispensable information on pathologic processes you need on a daily basis, with detailed coverage of 150 of the most commonly diagnosed injuries and abnormalities.

### **Diseases of the Human Body-6th Edition**

**18 ASRT Category A Credits**

California Accepted: **Yes**

California X-ray Supervisor/Operator: **Yes**

California Digital Requirement: **No**

**NOW AVAILABLE AS AN EBOOK**

The field classic text is noted for its accessible, clear writing style and comprehensive content.

Thoroughly updated and revised to meet the needs of today's students and today's classes, you'll find just the right amount of information in an easy-to-follow format that covers more than 350 common diseases and disorders.

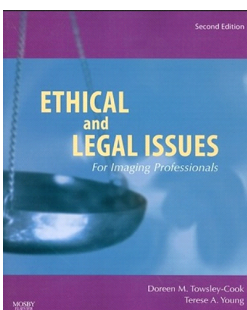

**COURSE #: R79-6**

**Price:**

Book & Test: \$94.50

Test Only: \$74.50

California Fluoroscopy Requirement: **No**

### **Ethical & Legal Issues for Imaging Professionals**

**19.5 ASRT Category A Credits**

California Accepted: **Yes**

California X-ray Supervisor/Operator: **Yes**

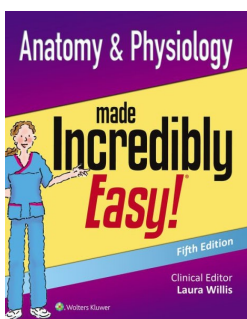

This balanced examination of ethical and legal principles and issues provides vital information for radiography, ultrasound, nuclear medicine, and radiation professionals. By discussing the foundations of ethics for technologists, then entering into a discussion of applicable law, Ethical and Legal Issues for Imaging Professionals, provides an approach that leads to a more successful style of personal risk management. With each chapter divided into two sections of ethical issues and legal issues, the content is easy to read and understand.

**COURSE #: R166**

**Price:**

Book and Test: \$104.50

Test Only: \$84.50

### **Anatomy & Physiology Made East (5th Ed)**

**12.5 ASRT Category A Credits**

California Accepted: **Yes**

California X-ray Supervisor/Operator: **No**

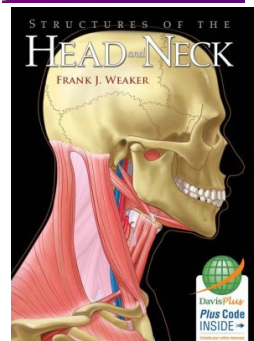

This book presents anatomy and physiology in an easy-to-understand, enjoyable style. Abundant quick-scan tables, illustrations, and flowcharts help the reader focus on key information. Contents include an overview of cell structure and function and an in-depth exploration of the individual systems of the human body. Sixteen pages of full-color, detailed anatomical illustrations are included. Special chapters cover nutrition and metabolism; fluids, electrolytes, acids, and bases; and genetics.

**COURSE #: R107**

**Price:**

Book and Test: \$79.50

Test Only: \$54.50
